6x3	<p>LUCKY ROCKETS TIMES 3 AND 4</p> <p>a game for 2 players Need: dice, counters in 2 different colors</p> <p>Each player uses a different color of counters. Take turns to roll the dice and move. When you land on a space answer the addition and find the answer on a circle in the center of the board.</p> <p>Cover the circle with a counter. If you land on a lucky rocket, cover a circle of your choice. The first player to make a line of four of their counters is the winner.</p>							6x4
