

LOGIC PUZZLE

There are four children, Sita, Sam, Karen, and Mia who are in first, second, third, or fourth grade. Each child has a different favorite food: chocolate, candy, burger or cupcake. Use the clues below to figure out what grade each child is in and what their favorite food is.

CLUES:

1. The 4th grader is a boy who does not like burger.
2. Mia is the youngest and likes chocolate.
3. Karen is one grade ahead of Sita.
4. The 2nd grader likes candy.

	1st	2nd	3rd	4th	Chocolate	Candy	Burger	Cupcake
