

Dear Child,

Ho Ho Ho from the North Pole!

I hope this letter finds you in sunny bits of winter-time (and we have been sunny a bit of the up here at the North Pole). We have been building snowmen, going skating, and even drinking bits of hot chocolate beside the fire.

Of course, we have also been working very hard making sure all the presents are ready. Mrs. Claus has been very busy keeping everything organised - the elves, the reindeer, and even me! The elves have been busy packing the things and polishing the sleigh, both of everything is ready for our long trip to (and everywhere else of course!) And the reindeer have been working hard to get ready for their long night of work.

And of course we have seen how you are doing! We know that you have been a really good girl this year, and we hope that you will be very happy with the very special present we will be bringing you!

Well, I had better go (and some carrots for Rumpo, and the other reindeer. They really don't get enough of those things!

Merry Christmas!

**Santa Claus**
