

## Candles For ADVENT WREATH Pg. 2

Cut out all the candles for the ADVENT WREATH. Color and decorate. Three candles should be the same color. One candle should be a different color.

On the First Sunday of Advent, insert one of the same color candles into a slit on the wreath up to the dotted line. Fold on the line and tape that section to the bottom of the wreath to make the candle stand up. Use a same color candle for the Second and Fourth Sundays. The different color candle is used the Third Sunday in ADVENT.
