

# EASTER HUNT CLUES

Open the door and  
come inside,  
but before you do,  
a clue does hide.

Lay down and rest your  
tired head,  
the next clue is under the  
oldest person's bed.

Wash your hands with  
lots of soap,  
then you'll find a clue,  
I hope!

It keep things cold both  
night and day,  
the next clue is inside,  
hidden away.

Please always remember  
to flush! Then look for  
a clue, there is no rush.

It washes your clothes  
and makes them clean,  
the next clue is inside this  
big machine.

You often sit here to eat  
your dinner.  
look underneath and  
you'll be a winner!

These only fit on the  
smallest feet,  
look inside for a  
cluey treat.

It's where you go when  
you need to get clean,  
look around and a clue  
will be seen.

It's where you put the  
forks away,  
look for a clue,  
don't delay.

Look left, look right,  
look high, look low,  
look where the biggest  
socks go.

The Easter bunny is so  
clever and wise,  
look outside for a  
special surprise!
