1. Cut zigzag out.

2. Trace onto cardboard to make
a template.

3. Lay cut out pattern/template on one side of
surface and trace.

4. Repeat the pattern horizontally across the width
by matching up the points on the zig-zag pattern
until you have the width covered.

To create a second zig-zag under the first:

1.Lay cardboard zig-zag template under
first drawn zig-zag.

2. Trace and remove. Repeat across
the width.

3. Line up the pattern
again right against
the last drawn zigzag.

4.Trace pattern again.
Repeat until you have the surface covered.

5. Once you have the surface area filled with
the zigzag lines, fill in every other zigzag to create the
Chevron pattern.
