

Universal Design for Learning Lesson Plan

Teacher(s): _____ Date: _____ Subject: _____

Materials Needed: Make sure you have all of your materials collected and organized so your lesson will flow smoothly. If you are presenting this lesson collaboratively, make sure you know who is responsible for what.

Lesson Objective(s): State your objectives behaviorally. For example: *Given (state the condition under which the students will perform the objective), the students will (state an observable student behavior) with (state the criteria here - a statement that specifies how well the student must perform the behavior) accuracy.* An example of a behavioral objective is: *Given an unlabeled diagram of the solar system, the students will label the nine planets and the sun with 80% accuracy.*

Standard/Benchmark/Indicator: Are you aligning your lesson with district or state standards?

Anticipatory Set: How are you going to motivate your students...assess or review prior knowledge...introduce your topic...organize your lesson for students?
