

How does Santa get
in your house?

Is it a door,
or a chimney, or
a hole from a
mouse?

In a hamper
goes dirty, smelly,
and stinky clothes.

Find the next clue
by following
your nose.

Snow flurries and wind,
can make it
cold outside.

You wear this to keep
warm but take
it off inside.

This cleans your floors
and makes a funny
noise,

it sucks up dirt and dust
but never
your toys.

When you get out
of the bathtub or
shower,
this gets you dry and can
also be a cape
for Superpower!

Your car parks here
or maybe where you keep
bikes and toys.
But a clue has been left
at the door button that
makes the loud noise.

If you have a fancy
dinner and at a big
table you may eat,
this is where you
sit down,
so look under a seat.

Your final clue
will lead you
to a gift,
look under your
bed - be quick and
be swift!
