

# This Day

This day we meet this sweet angel  
Feels like we're riding on a carousel  
These gifts we brought for him(her) to enjoy  
Clothes, diapers, mittens and toys.

Best wishes to send your way  
And blessings in fervent array  
This day that we rejoice in laughter  
May your family live happily ever after.

To the new parents who sweetly share  
The love of this little angel  
May your little baby make you smile each day  
More giggles and blessings to you we pray.
