

The image shows a Microsoft Excel spreadsheet titled "birthdays & anniversaries". The spreadsheet is organized into columns for months and rows for days. The first row contains the month names: "january" (light blue background), "february" (yellow background), and "march" (light blue background). The subsequent rows are numbered 1 through 16, representing the days of the month. The columns are labeled A through I. The worksheet tabs at the bottom are labeled "Janfebmar", "aprilmayjune", "july augustsep", and "Octnovdec". A red circle highlights the tabs, and a red arrow points to the text "separate worksheets tabs".

	january	february	march
1		1	1
2		2	2
3		3	3
4		4	4
5		5	5
6		6	6
7		7	7
8		8	8
9		9	9
10		10	10
11		11	11
12		12	12
13		13	13
14		14	14
15		15	15
16		16	16
