

# \$ The Price is Right, Baby!

Jar of Baby Food = \$ \_\_\_\_\_

Package of Diapers = \$ \_\_\_\_\_

Baby Powder = \$ \_\_\_\_\_

Baby Lotion = \$ \_\_\_\_\_

Baby Soap = \$ \_\_\_\_\_

Teething Ring = \$ \_\_\_\_\_

Pacifier = \$ \_\_\_\_\_

**TOTAL - tie breaker = \$ \_\_\_\_\_**

Instructions: To play, buy one of each item above and keep your receipt. Then print one copy of this sheet for each contestant (baby shower guest). Line the items up in order on a table and have each player guess the price of each item. Whoever guesses closest on the most items wins. If a tie breaker is needed, compare the total (before taxes) on the receipt with each contestant's guesses. Whoever gets the closest without going over wins the tie breaker.
