

*Joe*

*The year was 1959, and no  
one had yet heard of hippies, the  
Beatles or Vietnam.*

*But in that year, two naive 18  
year olds began a love affair that  
has spanned over half a century.  
Please be our guests as we honor  
Joe and Annie Lanning  
and celebrate their wonderful  
life together.*

*Annie*
