

# Ocean Printables

### Beginning Sounds

Write the beginning sound of each object on the line below.

fish \_\_\_\_\_ whale \_\_\_\_\_  
worm \_\_\_\_\_ crab \_\_\_\_\_

### Pattern Practice

Subtract each number from the first number in each row. Write the answer.

10	2+8	2-5	7+3	9+0
6	5+1	5-1	4+1	3+3
12	10+2	4+8	11+0	7+5
9	2+6	4-3	5+5	8+0
8	5+3	3-3	4+4	6+2
5	2+3	3-4	4+1	2+3

Use half of each circle for fish. Color that amount to make fish! How many fish can you make?  
\_\_\_\_\_ fish.

Use four to color each circle. Use three on each side making two fish each side. Use half on each top and bottom. How many people will you feed in all?  
\_\_\_\_\_ people.

### Reading Comprehension: Fish Facts

All fish breathe that way called gills. The more the fish live under water, the more gills they have. The fish that live in shallow water have fewer gills. The fish that live in deep water have more gills. The fish that live in the ocean have more gills than the fish that live in a pond. The fish that live in a pond have fewer gills than the fish that live in the ocean. The fish that live in the ocean have more gills than the fish that live in a pond. The fish that live in a pond have fewer gills than the fish that live in the ocean.

1. How many gills does a fish have?  
\_\_\_\_\_

2. How many gills does a fish have?  
\_\_\_\_\_

3. How many gills does a fish have?  
\_\_\_\_\_

4. How many gills does a fish have?  
\_\_\_\_\_

5. How many gills does a fish have?  
\_\_\_\_\_

6. How many gills does a fish have?  
\_\_\_\_\_
