110 lb. card stock or better  
Scissors  
Scotch Tape

- 2) Cut out Markers and Draw Cards.
- 3) Tape game board to a flat, hard surface.
- 4) Shuffle and stack Draw Cards in the middle of the game board.

## Game Play:

- 1) Players should select their marker and place it on or near "START".
- 2) Flip a coin to select who goes first.
- 3) All players draw a card to determine their first move. Discard after using.
- 4) After your first move, refer to the game board to determine your next move. (If you land on a number, you will move that many spaces forward or backward on your next turn. If you land on a "draw card" space, draw a card from the deck on you next turn.)
