

Name _____

Karen and her class went on a field trip to the pumpkin farm. Karen was searching for the perfect pumpkin. She was going to take it home and carve a scary face onto her pumpkin. She found one pumpkin but it was too tall, it was almost as tall as her. She found another pumpkin but it was too fat, she couldn't even lift it! Finally Karen found the perfect pumpkin, it wasn't too tall and it wasn't too fat. Karen picked up her pumpkin and carried it away.

1. Who did Karen go to the pumpkin farm with? _____

2. What kind of face was Karen going to carve on her pumpkin?

3. What was wrong with the first pumpkin Karen found?

4. What was wrong with the second pumpkin Karen found?
