

You've been Boo-ed!

Now it's your turn to spread the fun. Here's how:

1. Enjoy the goodies your friendly ghost left for you and leave the boo sign up so that people know you've been booed.
2. Make copies, or download the printable versions of the boo sign and instructions at www.blog.riverbendhome.com/fall-activities-for-kids-of-all-ages and print 2 copies.
3. Prepare two fall goody bags or baskets and choose two boo victims that haven't been booed yet. Don't forget to include the instructions! Put your name in a sealed envelope labeled "Do not open until Halloween" so that your victim has to wait to find out whodunit.
4. When you're sure nobody's looking, drop off the goodies and tape the boo sign where your friends will see it. Now it's their turn to spread the fun!

Happy Halloween!
