

...you read to me.

When the booklet is put together, it will look something like this...

Inside each box should be a small picture that shows why you love your mum and a sentence underneath.

Why not punch a hole through each card at the top and use thread to tie them together? Or just glue each piece carefully at the top and fold slightly.

I love you
because...

...you read to me.

...you play games.

...you take me to the park.

...you cook all my favourite things.

Happy Mother's Day!
