

# Free Printable ROAD TRIP ACTIVITY PACK

## The Great Number Race

(Each player needs his own copy of this number race game mat.)  
Place your finger on the zero below and then find a license plate that has a 0 written on it. Move your finger to the one.  
Keep it there until you find a 1 written on a different license plate.  
Continue moving your finger along the number line in 123 order.  
The first player to reach the finish is the winner.

## HOW MANY DO YOU SEE?

Every time you see one of the things from the graph below, write an X in the column above it. At the end of your trip, look to see what things you saw most and what things you saw least.

## STORY STARTERS

Work together to tell a story using one of the **SCENARIOS** written below.

It all started when we were zapped down the bathtub drain...

When I woke up and looked outside my window I saw the most amazing thing: our box had grown lollipop!

One day, I decided to take my pet pig to school...

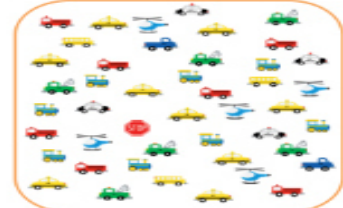

I grew and grew until I was taller than our house. That was a **BIG** problem! You see...

One morning I woke up and realized that while I was sleeping, I turned **PURPLE!**
