

Decorating for Halloween night takes a great deal of planning. Below are 5 boys that have decided to go all out with the decorations this year. Each is decorating a different location with a different theme and different props. Use the clues below to solve the logic puzzle.

1. Drew and Max will create either a maze or graveyard.
2. Simon's decor will feature bats, while spiders will be placed in the graveyard.
3. Alex will play music throughout his house for the trick or treaters that drop by.
4. The skeletons will be stirring the brew in the cauldron out in the yard.
5. Drew is creating a graveyard in his room.
6. The backyard maze will be lit up with a string of lights so that visitors can see.
7. The bats will hang all over the garage that will look like a cave.
