

REINDEER CARFT

1. Glue the deer antlers and ears onto the deer's head.
2. Glue the two ends of your long body strips perpendicular to each other.
3. Fold the lower strip over the top of the upper strip.
4. The upper strip is now the lower strip so fold that over the upper strip.
5. keep folding the strips over each other until you have used up the length of the paper.
