

MAGIC REINDEER FOOD

*Santa's reindeer come once a year
And sometimes the night isn't very clear
So help the reindeer find their way
Straight to your house with Santa's sleigh.*

*Sprinkle this liberally on the lawn
The reindeer will be there before next dawn.
They'll smell the food and see crystals shine
And hurry fast to see what they will find.*

*But they'll only come when you're in bed.
So spread the food and lay down your head.
On Christmas morn, the results you'll see
When Santa's gifts are under the tree!*
