

*It has once been said,  
that right before you go to bed,  
You should sprinkle magic reindeer food,  
to quickly bring Santa and his brood.*

*For many years the legend has been told,  
to boys and girls, both young and old.*

*Sprinkle the food throughout the yard,  
then finding your house won't be so hard!*

*The moon will make it sparkle bright,  
when Santa's reindeer fly at night.*

*Remember to fall asleep fast,  
because when you wake up it will be  
Christmas at last!*
