

In Our House...

In our house, we hang up the towels neatly after bathing.

In our house, we don't drop our things when we come in the door. We put them where they belong.

In our house, we make our beds before we leave our room in the morning.

In our house, we take responsibility for completing the chores assigned to us.

In our house, we always flush the toilet immediately after use.

In our house, we make sure all trash goes into the trash basket.

In our house, we put what we need to take with us the next day by the front door the night before.

In our house, we put dirty clothes into the hamper as soon as we take them off.

In our house, we put our dishes into the dishwasher, not the sink.

In our house, we don't complain about our responsibilities.

In our house, we put away toys, games, tools, and stuff as soon as we finish with them.

In our house, we keep our closets and drawers neat.
