

For Your 16th Birthday

**The
Rules of the
Road**

**They Don't
Teach In
Driver Ed**

- Everyone over 60 drives with their turn signal on all the time. But beware - they also may turn at any time.
- If someone wearing a hat pulls out in front of you, phone ahead to wherever you're going. You will be late.
- If another driver salutes you with one finger, he is probably not saying, "You're number one."
