

Retirement

Time goes by so very fast.

It's so hard to believe.

It's time for your retirement,

Time for feeling free.

You've worked so very hard

To make this dream come true,

And no one deserves it

Any more than you.

You have had some rough times.

You made it through them all.

You made the best of what life brings,

And, today, you're standing tall.

I wish you days of happiness

Not filled with any strife.

I hope that your retirement years

Are the best years of your life.
