

WINDOW STEPS

7th House on the Left

CUT ME

(WHAT YOU NEED)
a clean surface
craft paper
scissors

(THINGS TO REMEMBER)

1. When tracing the dotted line, only the dotted line counts. Do not cut on the solid line.
2. Keep the window facing the same way. This will give you a mirror image.
3. Check the window size. After you have traced the window, make sure you are on the solid line and not on the dotted line.
4. When pasting the window onto the card, make sure it is centered. If you are using a ruler, make sure you are on the solid line and not on the dotted line.
