

Caz Makepeace's family travel checklist

Tips

1. Know the weather of the area you are visiting, this will help reduce over packing.
2. Know what activities you will be doing so you can pack appropriately.
3. Know the types of accommodation you will be staying at which will also help with packing
4. Don't over pack; you only need 1-2 of each item.
5. Pack your bags and then reduce by a third. Then do it again.
