I understand my merchandise will not be shipped to me until it is paid for in full. If I have ordered a custom made item, such as an Equicizer, the item will not be scheduled for production until I have made payments that equal 1/2 of the total amount due. If I miss a payment, I will be required to add the missed payment to the following payment due. If my payments extend longer than the original agreed to terms, I will be placed in the next tier of payment terms and I will be responsible for the additional non-refundable percentage of that term before my order will be shipped to me. Early payoff accepted without penalty.
