Cut two ovals for the eyes. Tack into place with a trio of French knots or seed beads for the pupils. Sew the diamond for the beak in black. With a pale gray or neutral color thread, sew the outline of the head as shown on the body front.

Pin the wing into place and sew curves in black and pale gray or neutral thread for the feathers.

Pin the body front to the body back, tacking the feet between the two pieces. Starting at the feet, sew together together with a blanket stitch, pausing to stuff the body with fiberfill before completing.
