

**Santa Claus**  
The North Pole

Dear Susie,

Thank you so much for leaving cookies and milk for me. They were so tasty!

As you can probably guess, it's a lot of work flying to so many houses in one night, and your cookies and milk gave me the extra energy I needed to get the job done. (Of course, Rudolph was a big help, too.)

I'm also glad to hear you were so good and went to bed early on Christmas Eve. I peeked in at you and you were sound asleep!

Enjoy your presents but especially this very special time with your family. Merry Christmas!

Love,  
Santa
