

Rhyme With ...
CVC0 Words

a game for 2 – 4 players

Each player puts a marker on the start.
Players take turns to roll the dice and count forward that number of spaces.

If the player stops on a word, the player says the word they have landed on and then says a word to rhyme with that word.
If they do this correctly they move to this space.

If a player lands on a yellow space they follow the instructions on the space.

If they can't do this the player stays on the original space. The first player to reach the finish is the winner.
