 PEGASUS UNICORN EARTH

Cutie Mark

Note Book has music in her heart and a void in her mind that needs to be filled with knowledge. She loves to sing, dance and play the piano. When she's not making music, she loves to read any of the interesting books from the Canterlot library. Many ponies consider her to be very pretty, but she can't look in a mirror and not be disappointed with what she sees. She tries not to fret about her appearance too much.
