

SHIMMER & SHINE

GLASS CLEANER

Ingredients

1/4 cup rubbing alcohol
1/4 cup white vinegar
1 tbsp cornstarch
3 cups warm water

Notes: Cornstarch is a natural thickener that helps your cleaner last longer.

Instructions

Combine everything in a spray bottle, and shake well. Shake well before using, too, as the cornstarch might settle at the bottom (and subsequently plug the spray mechanism if it's not mixed in well).

SCRUB for the TUB

BATHTUB CLEANER

Ingredients

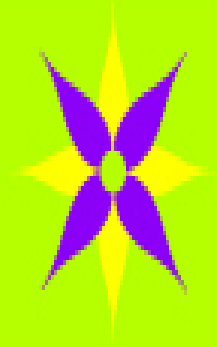

1 cup baking soda
1/2 cup liquid castile soap
5-10 drops of antibacterial essential oil, such as lavender, tea tree or rosemary

Notes: Baking soda is a natural cleanser that helps to scrub away dirt and grime.

Instructions

Pour baking soda into a medium size bowl, then add the castile soap a little at a time, stirring continuously, until your mixture resembles frosting. Then mix in drops of essential oil as desired. You can store this scrub in a jar (or for up to a year).

GREENER

FLOOR CLEANER

Ingredients

2 tbsp liquid castile soap (we like lavender or almond)
2 tbsp rubbing alcohol
1 tbsp oil (e.g. olive, coconut)
3 cups water

Instructions

Mix ingredients in a spray (or recycled squirt) bottle and spray on floors. Use microfiber over a mop to wipe.

Notes: Castile soap is a natural cleanser that helps to scrub away dirt and grime.
