## Layered Flowers

1. Cut the flowers out and then layer them, smallest on the top, largest on the bottom
2. Then punch a hole in the center of all the flowers.
3. Enter a brad of your choice through the centers.

Ideas for after you assembled your flower....

1. Scrunch up the petals/flowers for a textured effect.
2. Ink the edges slightly for detail and dimension.
3. Spray with spray ink of your choice or add glue and then a some glitter
