

Dear NAME,

Merry Christmas! I've been keeping an eye on you all year long. Mrs. Claus has recorded all your good deeds—and your naughty deeds, too! We've been watching you have fun with ACTIVITY 1 and ACTIVITY 2, and we know you have tried hard to be good.

We've had a very busy year here at the North Pole. The elves are hard at work day and night building toys for children all around the world! I heard that you might like to find GIFT 1 or GIFT 2 under the tree on Christmas morning. I will add that to the list, but I trust my elves to pack the sleigh with the perfect gifts for you.

When I arrive in YOUR CITY, I will be sure to stop at your home. Will you leave some treats out for my reindeer? All that flying makes them hungry! Until then, take good care of SIBLING OR PET and help your family get ready for the holidays.

Love,

*Santa Claus*
