

And still frisky

Blood alcohol level after heavy night

Happy Birthday you old moo

Not quite over the hill

..And still driving badly

After 50 it's a matter of maintenance

Happy Birthday. Kinky

Fall-out after Curry night

After-effects of birthday bash

Any faster you'll be pushing 60!

And still nifty

And fabulous

Happy Birthday. Kinky

They're not hot flashes they're power surges
