

These sheets may be used for tangible craft items that you sell or for personal use. The sheets are my original work and are ©2009 Betsy Niederer. The sheets and labels may not be copied, scanned, or reproduced in any form. The potion bottle label sheets may not be used for resale as collage sheets, digital image discs, digital scrapbooking kits, or other such uses. Lots of love and hard work go into the creation of each label and I thank you in advance for complying.
