

# Magic Reindeer Food Poem

For each packet of Santa's magic reindeer food mix together  
1/2 cup of old fashioned oats and small handfuls  
of red and green edible glitter or sprinkles.

Mix everything together in a small bowl and package!

With all the house they have to visit, reindeer get hungry!

This special mix is a treat that kids can make and sprinkle outside their home.

It will help the reindeer find their way to their house  
and give them a treat to keep up their energy for the night's deliveries.
