

Name: _____

Date: _____

Triceratops Triceratops

Modern man, six feet tall, drawn to scale for comparison

The *Triceratops* lived during the late Cretaceous period, between 68 and 66 million years ago. This dinosaur lived in what is now North America. The name *Triceratops* comes from Greek, and means "three-horn face." Color this dinosaur.

This is a map showing how the continents look today. Color North America, the prehistoric home of *Triceratops*, yellow on the map.
