

Name _____

Skill: Learning shapes—squares

Trace and color the squares.

The image shows a large rectangular frame containing four dashed squares for tracing. The squares are arranged in two columns. The left column has three squares of decreasing size from top to bottom. The right column has one square at the bottom. In the upper right corner of the frame, a cartoon cat is peeking over a solid square. The cat is smiling and has its paws on the top edge of the square.
