Mother, Daddy, Betsy and Nosy McCall

THIS is a design for Betsy McCall. Betsy is five, going on six, and she lives in a little white house with a porch and a yard to play in. Her mother and daddy and Nosy, her puppy, live in the white house too. Nosy is six months old. Betsy and Nosy and Betsy's friends play together all the time. And every month from now on they'll come to play with you too.

Introducing Betsy McCall

Betsy loves her dress that is yellow like a teensy baby chick
