

Day 59 Doll Sized Clutch & Doll Bucks

Your doll wants to go shopping and now you can have fun playing café, grocery store, mall, or boutique. Print and cut the doll play money for your dolls. Print on heavy paper or laminate it to make it last longer.

To make your doll a clutch purse to put her doll bucks in, cut out the pattern to the left. You can cut the purse out of felt, fabric or paper depending on what you want the inside to look like.

Cover one side of the clutch with duck tape and trim to fit the pattern. Fold the bottom of the purse up to the top fold line. Using two small strips of duck tape, seal the edges.

Fold over the flap. Use self adhesive Velcro or duck tape to close your clutch purse.

Embellish with sequins, beads, marker or glitter to make it truly your own.
