

*If our loved ones who have crossed over could send all
of us a short message it would go something like this*

I am Ok

I am always with you

Never feel guilty about moving forward

Live your life to the fullest

Be Happy

And most of all - I LOVE YOU

*Always remember that the
separation from our loved
ones who have crossed over
to heaven, the afterlife or the
otherside, all the same place.
is only a temporary thing.*

*When our own journey is
completed we will be
reunited again.*

LOVE
