

...be shorter or longer,  
...shop.Lavaguy.com,  
...the pattern will print on three pieces of US Letter  
...ground as a guide, tape together the three pages. The large squares are 1" squares, and  
...are 25" squares. Check the size with a ruler to make sure your printer has not scaled the  
...larger or smaller. The long piece should be 25.75" overall, and the short piece is 15" long overall.  
Cut out the two pattern pieces. You can use them as is, or transfer your pattern to a piece of thick cardboard  
or other sturdy material. If you plan to make a lot of bow ties, consider investing in a set of all seven laser-cut  
acrylic templates. Go to [shop.Lavaguy.com](http://shop.Lavaguy.com) for more information.
