

Hearts Bound Together

By: 365greetings.com

*You gracefully roam the expanse of my mind.
It makes me feel the love that causes my heart and yours to bind.
I feel so lucky because you are one-of-a-kind;
And someone like you is impossible to find.*

*So escape all the worries, clear all the fears;
Erase all the loneliness, wipe away the tears.
Because I will stick with you for all these coming years;
And at the peak of our love, we will rejoice with all our cheers.*
