Class: 10

Test Paper

**From Answer all questions. Each question carries equal marks.**

1. Mendel's experiment was
 

(a) Cross	(b) Self	(c) Test	(d) None of these
-----------	----------	----------	-------------------
2. The most commonest type of
 

(a) Lenticel	(b) Stoma	(c) Both (a) & (b)	(d) None of these
--------------	-----------	--------------------	-------------------
3. All bacteria are the
 

(a) Unicellular organisms	(b) Multi-cellular organisms
(c) Eukaryotes	(d) None of these
4. The most important
 

(a) Enzyme	(b) Hormone	(c) Both (a) & (b)	(d) None of these
------------	-------------	--------------------	-------------------
5. The chromosomes of
 

(a) Mammals	(b) Plants	(c) Bacteria	(d) None of these
-------------	------------	--------------	-------------------

 are arranged in pairs.
6. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) All of these
--------------------------	--------------------------	-------------	------------------
7. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
8. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
9. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
10. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
11. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
12. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
13. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
14. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
15. The most common
 

(a) T <sub>2</sub> phase	(b) G <sub>2</sub> phase	(c) M phase	(d) None of these
--------------------------	--------------------------	-------------	-------------------
