

# ★ Math Talk ★

- I agree/disagree with you because...
- What I heard you say was...
- Can you explain this to me?
- What were you thinking here?
- How did you solve it?
- What did you start with?
- Why did you choose that operation?
- What strategy did you use? Why?
- Why did you choose that strategy?
- How did you know your answer was right? Can you prove it?
- Is there another way you could solve it?
- What key words helped you understand?
- Can you explain this part to me?
- Does that make sense?
- How is this like other problems you've solved?
