

BLANK PERIODIC TABLE OF ELEMENTS
Label each of the families of the periodic table and
color each family a different color

The image shows a blank periodic table grid. The grid is composed of 7 rows and 18 columns. The first two columns are on the far left, and the last two columns are on the far right. A thick black line highlights a staircase pattern starting from the top-right corner of the grid and moving down and to the left. The highlighted cells are: Row 1, Column 16; Row 2, Column 15; Row 3, Column 14; Row 4, Column 13; Row 5, Column 12; Row 6, Column 11; Row 7, Column 10. Below the main grid, there is a separate rectangular grid with 2 rows and 14 columns, connected to the main grid by two lines extending from the bottom-left corner of the main grid.
