

HAPPY 4TH

A black and white graphic design for a birthday. The text "HAPPY 4TH" is rendered in a very bold, blocky, sans-serif font. The letters are white with a thick black outline. The text is centered within a large, jagged starburst shape, also outlined in black. Above the starburst, there are two shooting stars, each with a five-pointed star head and a long, curved tail. The overall style is reminiscent of classic comic book or pop art typography.
