

WASCKY WORDIES

Over the years, GAMES has run many pages of Wacky Wordies, usually promising each one would absolutely, positively be our last—until we'd break down due to popular demand and print more a few issues later. We continue here in this great tradition,

now in book form. As always, the game is to discover the familiar word, phrase, or saying represented by each arrangement of letters. For example, #1 below depict "Leave no stone unturned".
